## DEDICATION

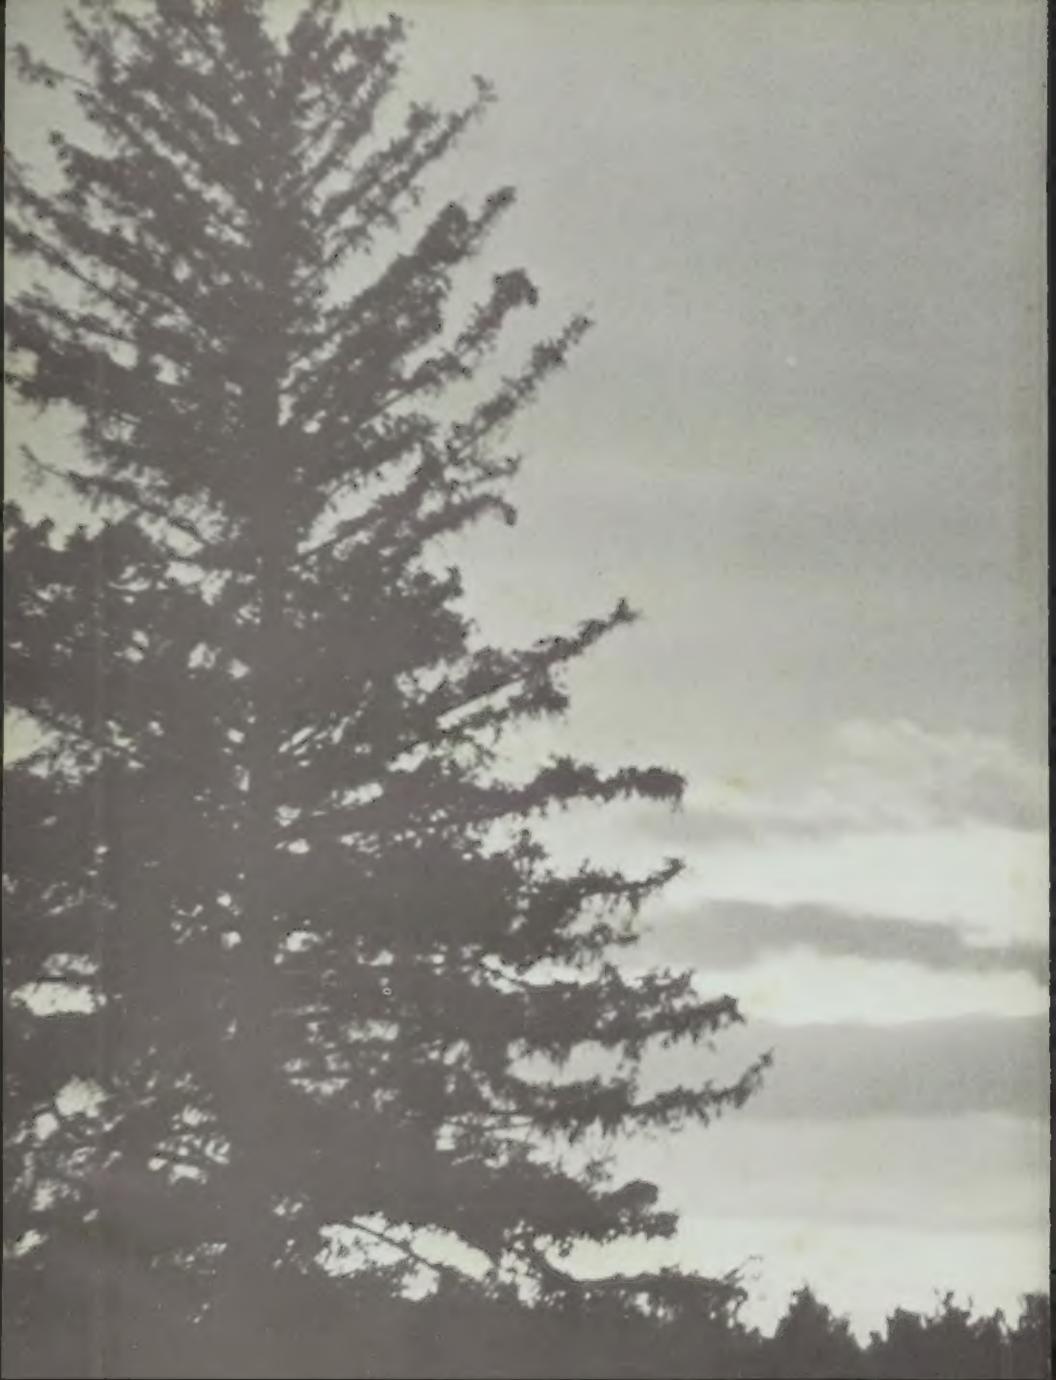

We, the Class of 1975. dedicate our yearbook to Mrs. Betty Stone, a warm, sensitive person who has been an invaluable asset to both the Guidance Department and the whole school for many years.

Her kindness to all students who enter Guidance seeking assistance is far beyond the call of her duties as secretary. Her helping hand to both teachers and administrators is priceless. The tone of the Guidance office is set by her initial reception of students, teachers, and parents.

We admire her unceasing dedication and we feel grateful to have had this caring, sensitive, "unofficial counselor" as one of our friends and helpmates at Timberlane.

Thank you, Mrs. Stone.

It was the best of times, it was the worst of times,
it was the age of wisdom, it was the age of foolishness.
it was the epoch of belief, it was the epoch of incredulity.
It was the season of Light, it was the season of Darkness,
it was the spring of hope, it was the winter of despair,
we had everything before us, we had nothing before us,
we were all going direct to heaven,
we were all going direct the other way —
in short, the period was so far like the present period,
that some of its noisiest authorities insisted on its
being received for good or for evil in the superlative
degree of comparison only.

Charles and the fact of the field of the fie

wally a really

you person which we want

"May I be the first to congratulate the Class of 1975 upon their graduation which represents twelve years of hard work and many individual accomplishments. When you look back, you will discover that one-half of your education to this point has taken place within the confines of Timberlane Regional High School. I would hope that most of your memories of this school are positive and that much of Timberlane's success has been a result of your efforts.

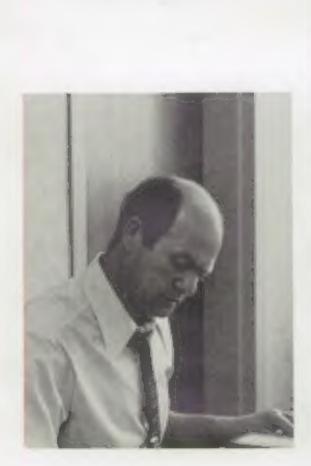

As you leave Timberlane and embark into the future, I ask that you remember those of us who have been of some help to you and may I personally say that it has been a pleasure having you as a member of the student body. May God be with you in all future endeavors."

Robert Burke, Principal

"My wish for you, as a member of the class of 1975, is quite simple; it is shared by every teacher you have ever had; Please become all that you are capable of being..."

#### Foul Shot

With two 60's stuck on the scoreboard And two seconds hanging on the clock. The solemn boy in the center of eves. Squeezed by silence. Silence soles out the line with his feet. Suothes his hands along his uniform. Gently drums the ball against the floor. Then measures the waiting net. Raises the ball on his right hand. Balances it with his left. Calms it with fingertips.

Crouches, Wasts

And then through a stretching of stillness Nudges it upward

The ball Slides up and out, Lands Leans

Plays it coy
